

Appointment / Confirmation Policy

Your appointment is confirmed at the time it is scheduled.

It is important that you keep all scheduled appointments to realize the full benefit of your treatment. Please take time to review your schedule when making appointments since this is time that is set aside especially for you. **Make an appointment only if you will be at Cuspids, Inc at the time you have scheduled.**

When making appointments for major work, 50% of the fee may be due at the time of appointment is made unless you are a member of the “Crown Club” or a current or past “Patient of the Month”. **Major work is defined as \$500+.**

If you are unable to keep an appointment, be considerate of the doctor’s time and other patients by calling the office 48 – hours in advance of your appointment to reschedule.

I have read and understand the Appointment/Confirmation policy of Cuspids, Inc. and agree to make appointments only if I will be at Cuspids, Inc. at the time set aside for me.
